Casa de Dom Inácio in Abadiânia, Brazil

Home of the world-renowned healer

JOHN OF GOD

July 3-15, 2017 (\$2,400: 12 days & nights)

Brazil's Casa de Dom Inácio is the healing center of world-renowned João Teixeira de Faria, who is unquestionably one of the most powerful spiritual healers living today.

João de Deus (John of God), as he is affectionately known, has devoted his life to God. Through him, spirit guides minister to the multitudes who come in search of a cure.

The Casa is a holy site where healing can take place on many levels. João incorporates over 30 spirit guides who were surgeons, physicians and saints in their lifetimes.

João says *"I do not heal anyone. It is God that heals. He, with his infinite kindness, allows the entities that assist me to bring healing and comfort to my fellow man. I am only an instrument in His divine hands."*
